**IMPORTANT NOTE:**

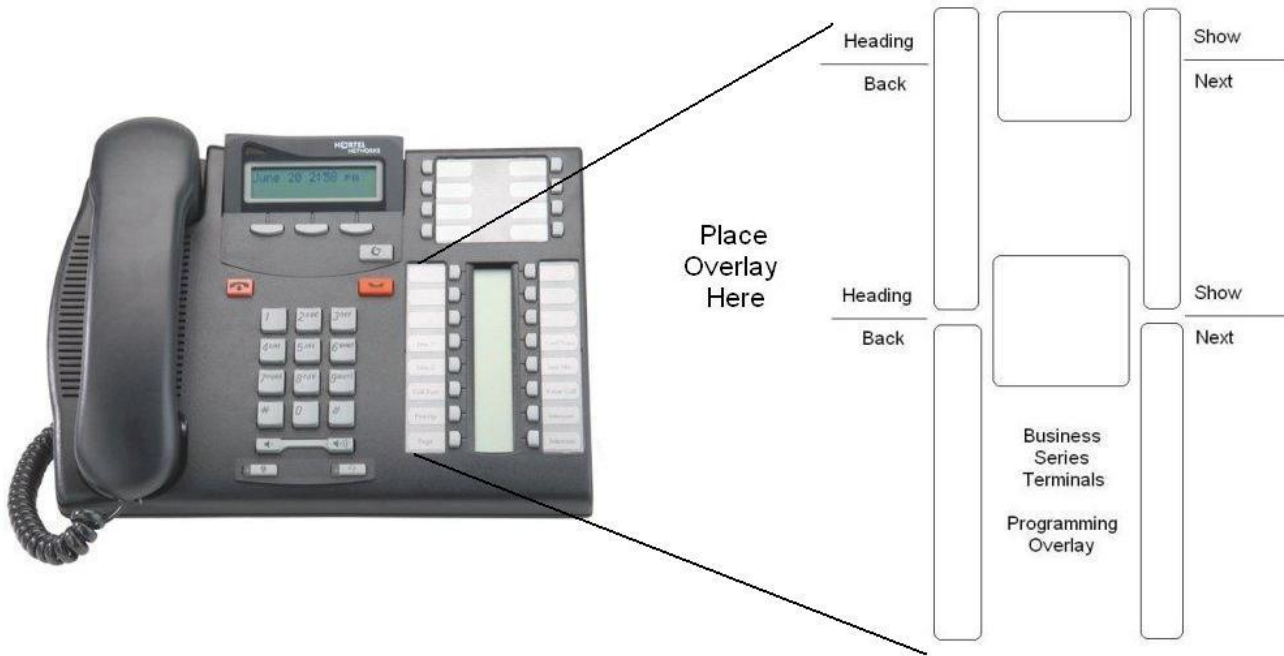

The extension and mailbox numbers referenced in this guide are the most commonly used configuration. It does **not** guarantee that your company will use the same extension and mailbox numbers due to each systems **customized** configuration. If you are **unsure** of what numbers were used in your configuration, please call or email the NATG service department.

# Phone System Programming

## Programming Overlay

**Note:** When entering System Programming (\*\*266344), refer to the Programming Overlay

### T-Series

### M-Series

## Changing the Name of a Set
